

**David Young**  
**Joined Board 2019**

I was brought up in Westwood, East Kilbride. After two years as a junior buyer with Motorola I went on to do an HNC in Computing. However, I decided that a career in IT was not for me so I changed direction and managed to get a job as an audio engineer with Rock-It Concert Systems. When that company folded, I moved to Glasgow where I found work in bands and also in retail. By now I had responsibilities as a parent, so I shifted into more regular jobs in retail with a brief stint as a Housing Benefits Officer with Glasgow City Council before settling as a Charity Shop Manager with The Prince & Princess of Wales Hospice before moving back to East Kilbride, where I'm a tenant with EKHA. I joined the Board partly to give a tenant's perspective, and partly to learn new skills.
