**Joined Board 2019**

Although I have lived in East Kilbride for many years. I didn't become a tenant of the association until 2017. Due to being medically retired I had lots of free time on my hands. I wanted to support EKHA in any way that I could and develop my knowledge of the housing sector. As a tenant I feel it's important that our views are part of the decision making.

Previously I was treasurer of a local Citizens Advice Bureau and sat on couple of education committees.
